

Skip the trip to the pharmacy

Fill many common prescriptions at your health center

The medications listed below are all available at the health center at little or no cost to you and your family. Because we are not a pharmacy, all medications must be prescribed by the Everside Health provider. If your physician has been prescribing one of these drugs and you want to take advantage of the drugs available at the health center, please schedule an appointment with one of the providers. If appropriate, they will write you a new prescription and will be able to provide the medication to you. Health center medication types and quantities may vary, check with your provider to find out more.

| Generic name | Dose | Quantity | Form |
|-----------------------|--------------|----------|---------|
| ACYCLOVIR | 800MG | 35 | TABLET |
